

**Montclair Environmental Commission Meeting Minutes - Final**  
**June 5, 2024 at 7:30pm**

Meeting at the Municipal Building in the Second Floor Conference Room

**Commissioners:** Suzanne Aptman (Chair), Bill Martens (Vice Chair), Ruchi Misra (Secretary), Gray Russell

**Excused:** Imke Oster, Mac Carbonnell, Keith Brodock

**Township Liaison:** Lisa Johnson

**May 2024 Minutes Approved**

Yes: 4 No: 0 Abstain: 0

**Reports/Updates** (input/decision/action needed or action completed)

- Ordinance restricting single-use food establishment waste:
  - Commissioners were in agreement with most of the elements. Discussion around clearly defining “portion cup” and takeaway vs. delivery items. Suggestion was made to limit condiment packages and condiment portion cups to no more than one. Lisa spoke with Montclair BID and they are in support. An educational info-graphic will be created to ensure food providers easily understand the requirements. Discussion will be continued at the next MEC meeting with refinements.
- Edgemont pond dredging
  - Lisa explained that this is very costly and may not be feasible. Suggestion was made to explore grant funding.
- Parking lots/stormwater detention
  - Can look into ordinance requiring making parking lots into stormwater detention areas.
- Site plan review: [260 Bellevue Ave](#)
  - We will look into reviewing this site plan according to the check-list, if it is still timely.

**Next Meeting:** July 3, 2024 at 7:30pm
